- Recreation Unit
- National Youth Council
- Gender Based Programme
- Environment Unit
- Human Rights Programme

National Youth Civic Service (NYCS)

The NYCS is a highly dynamic and creative initiative which aims at empowering young people aged 17 to 25 years so as to develop a confident, intelligent, active and resilient and daring youth community, while further promoting a spirit of citizenship, and social entity.

Youth coaching under this programme involves the use of several tools including interactive thematic sessions, group works, friendly competition, field visits, community projects, residential camps as well as sports and recreational activities.

Special Youth Outreach Programme

Young people in high risky areas often find themselves unable to follow the trend and benefit from mainstream development initiatives. The Special Outreach Programme for Youth aims at:

- empowering youth of deprived regions to cope with current issues affecting them;
- equipping targeted youth with personal, social and entrepreneurial skills to promote a spirit of self-reliance and resilience;
- mobilizing community resources and enlisting the participation of all social actors in youth development projects and initiatives in the high-risk regions

This programme is organised with the support of trained Social Educators in various pockets of poverty around the island.

Youth Entrepreneurship Programme

The Youth Entrepreneurship Training Course is tailor-made to equip young people, aged between 18 to 35 years, with skills and knowledge so that they can start and sustain a small business enterprise. A series of training and capacity building actions, as well as mentoring and support to budding entrepreneurs have been put in place to enable the youth to be economically independent. The aim is also to promote a culture of entrepreneurship among the youth. A 3-month training called PPEJ (*Programme pour la Promotion de L'Entrepreneuriat Jeunes*) is organised each year for around 200 potential young entrepreneurs. The course ends with Best Business Plans competition and best projects are awarded cash prizes as start-ups. Young entrepreneurs also have the opportunity to showcase their enterprises in a “*Salon des Jeunes Entrepreneurs*” organised every year.

Youth Health Promotion

To sustain the psychological and health needs of youngsters, training and ongoing youth programme were reinforced with the aim to enable positive character, skills, attitude development and imparting health related knowledge to youth. This also provides new direction for the promotion of health education. These programmes are peer education, Service D'écoute, Drug Prevention Programme, Life skills, First Aid.

The Duke of Edinburgh's International Award – Mauritius

This programme promotes individual achievement and autonomy among young people aged 14 to 24 years. It has three levels – Bronze, Silver, and Gold, with the following four sections at each level: Voluntary Service, Skills, Physical Recreation, Adventurous Journey and a Residential Project for Gold level participants.

Human Rights Education

With a view of inspiring young people to be the watchdogs of human rights, several Human Rights Workshops were planned. It should be noted that youth is a period of transition from dependence to independence and autonomy.
