

Volunteer Mauritius, which is also known as the National Young Volunteer Scheme was launched in December 2015. The main aims of Volunteer Mauritius are to create a pool of trained young volunteers and to give opportunities to young people to engage in voluntary activities at regional and national levels.

The Patron of Volunteer Mauritius is Mrs Kobita Jugnauth, Spouse of the Prime Minister of Mauritius and the Chairman of the steering committee is Mr Medavy Munien. The seat of Volunteer Mauritius is situated at the Floreal Youth Centre.

Vision and Mission

Volunteering is not just about helping it's also about learning... Our vision is people connected to and participating in their communities to build a better Mauritian society.

Our mission is to promote the value of volunteering and increase the range and quality of volunteering in the republic of Mauritius.

Join us... it's fun, it's friendly, it's full of learning moments, it's Volunteer Mauritius

Since December 2015, Volunteer Mauritius has been involved in many activities related to volunteering, solidarity and nation building. Young people all round Mauritius have participated in the promotion of patriotism and citizenship, in environmental projects, educational projects, voluntary activities in hospitals and hospices, assistance to victims of flooding and many other activities related to volunteering.

Volunteer Mauritius launched the first edition of the Volunteer Mauritius Academy in April 2018, a training centre for young volunteers which operates mainly during school holidays. Training is important for the development of volunteers. It will benefit them as well as all those to whom voluntary services are offered.
